Things to remember in Year Two:

- I have PE once a week and I need to come to school in my PE kit on Thursdays. PE will be on a Thursday afternoon.
- I have a new reading book once a week. I must bring my reading book and Reading Record in **EVERY DAY.**
- Reading is essential and all children need to read at home everyday.
- **Topic homework is given out every few weeks and sometimes I will get KUNCU homework to complete straight away.**
- **Some children will bring home phonic boxes to play with at home.**

Learning in Year Two:

In writing

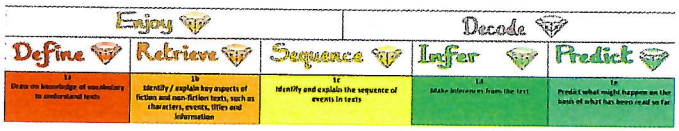
This term we will be looking at Fiction - Narrative— Reading "The Train Ride", and in Non Fiction we will be writing reports around the history of transport, a recount of our school holiday, instructions and The Christmas Story.
We will develop the ability to use capital letters and full stops and also begin to add detail to sentences by including noun phrases. Through drama and role play we will develop the children's ability to retell stories and identify the main events and characters in a story. We will also look closely at characters to write detailed character descriptions.

We will also be learning:

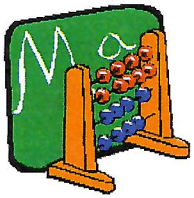
- That words belong to different groups—verbs, nouns, adjectives, adverbs and connectives.
- To use commas and exclamation marks in our writing.

In guided reading

- We will use the reading gems to help us understand the different strands in learning to read.
- We will look at word patterns that use suffixes and prefixes



In numeracy



We will be learning.....

- To count in tens, fives and twos from any number and back
- To link multiplication and division to counting in tens, fives and twos
- To round numbers up to the nearest 10
- To understand the operations of addition and subtraction and the associated vocabulary e.g.—inverse, commutative
- To solve problems using the appropriate operation
- To partition 2-digit numbers into tens and ones and use this to calculate
- To begin to read a scale—measure—length, mass and temperature
- To solve simple problems or puzzles involving measure
- To solve problems by collecting, sorting and organising information in simple ways. Recording working out
- To tell the time
- To begin to explore picture graphs
