

### Things to remember in Year Six:

- We have PE with the sports coach on Friday afternoon. We need to make sure we have our complete P.E kits with us and after the session we must take it home to be washed.
- We may be sent home with KUNCU homework—please see homework leaflet for more information., to support them with their learning. Pupils will also continue to be given projects linked to the topic or subjects they are doing in class This can be a project homework, so please check when the due date is, if not it will be due the following Wednesday.
- We can bring in **up to 30p** for snack every day. I will buy my snack at playtime .
- We will be bringing a book home from our class library regularly. However, please make sure you are reading a range of texts and record what you are reading in your Record books. It is important we are reading regularly, as remember just 10 minutes a day can make a massive difference.

### Learning in Year Six:

- In Writing we are focusing on adding flair, imagination and excitement to our writing and developing our independence with editing and improving our writing. We will continue to build up our knowledge of SPAG (Spelling, Punctuation and Grammar).
- In Guided Reading Reading is so important and we are expecting you to read every night at home. Just 10 minutes a day will make a difference. This year, the focus will be on high level skills (inference and opinion), making sure answers are backed up with evidence.
- In Numeracy we will be exploring number relationships and explaining statements. We will secure shape, space and measures as well as data interpretation and analysis. **It is still vital your child is secure with their multiplication facts and tables.**
- The Topic this term is Human Planet—please see our topic map!
- This term we are also obviously preparing for our SATs in May and it is essential your child is ready for learning each day, please ensure they are going to bed at a reasonable hour and they are having breakfast in the morning. We want their experience to be as enjoyable as we can in year 6, and the wellbeing of your child is at the forefront of our priorities.

**ATTENDANCE:** It is so important that you are in school EVERY DAY. We should be achieving 100% attendance and it would be fantastic to achieve this. PLEASE send your child to school every day.

**GROWTH MIND SET:** In year six we have a growth mind set, which means we always try our hardest and like to challenge ourselves.
