

### Things to remember in Year Five:

- PE remains on a THURSDAY AFTERNOON. Children will need to come in in their PE kits in the morning. If there are any issues stopping your child from doing PE please get in touch via dojo or at the gate in the morning.
- Children will get homework as and when required—this will either be individual for something they haven't quite got the hang of, or for the whole class for a research topic. Children should however be accessing TTRockstars and reading independently wherever possible—15 minutes a day makes a huge difference!
- New reading books are given whenever required—children should be recording their progress in their reading records, which are checked by Y5 staff.
- If you have any issues with any of the above or would like to discuss any other school issue, I am available on clasdojo, on the yard at the end of the day or by appointment for a longer chat.

### Learning in Year Five:

- In Literacy: We will be studying a range of fiction and non-fiction texts, including information texts, biographies persuasion texts and scientific texts.
- In guided reading: We will continue to read a wide range of texts from poetry to information texts, to enhance our reading skills. We will also read texts connected to our topic 'The Kingdom of Benin.' We will also be focusing on developing effective skills and techniques for reading tests and developing our comprehension skills.
- In numeracy: We will be continuing our work with Maths No Problem—we'll be beginning with fractions and decimals. And will be covering word problems in shorter sessions to test the children's retention of what has been taught.
- In Topic: Our topic this term is 'Out of this World'. We will be looking at life in Space, the solar system and developments in the space frontier. We'll be looking back in time to the Kingdom of Benin and will be examining forces and magnetism.
- The doors open at 8:50 and will close at 9.00— learning begins straight away in Y5 so please make sure your child is in in good time so that they don't miss out on this crucial learning.!
